

APPLIED TECHNOLOGY AND APPRENTICESHIP

Explore More About This Program: <https://cwi.edu/program/applied-technology-and-apprenticeship>

Program Description

The Associate of Applied Science (AAS) degree in Applied Technology and Apprenticeship is offered as a partnership program between CWI's Workforce Development (WD) and Career and Technical Education (CTE) divisions. Tailored to those who have or are currently completing a registered apprenticeship in the Electrical, HVAC, or Plumbing fields, this unique program pairs on-the-job, industry training, and academic learning with the completion of general education credits to set you apart in the field with enhanced knowledge and soft skills. Completion of this program is a step toward becoming a journey-level trades technician, offering a viable career path in high-demand fields. This degree is available to anyone who meets the qualifications of an Electrical, HVAC, or Plumbing apprenticeship and completes the required 15 credits of general education at CWI.
